TM Heating Mantles 电热罩

- Rigid aluminum housing provides strength and durability while supporting the weight of the vessel
- Fabric interior to softly nest glass vessels and reduce the chance of thermal shock
- Adaptable to most vessels including larger sizes
- Withstands 450°C internal operating temperature (650°C for Series STM), enough power for most applications
- Optional temperature controller available (Sold separately)

控制器需另购

COMBO Mantles 电热罩

- Six-place for 100-300 ml flasks
- Lower profile for space-saving convenience
- Revolutionary heating element container system makes replacing burned-out elements a simple, five minute task
- Element containers act as spill containment chambers to capture chemicals from spillage or boil-over
- Clear anodized aluminum cabinet with black PTFE resin coated top for chemical resistance
- Available in 450°C and 650°C version for greater versatility
- Optional temperature controller available (Sold separately)

Specification 规格

3D Shaker 三维摇动器

- Mechanically shakes glassware for consistent, repeatable results.
- Handles total loads up to 40 lbs without needing to balance load.
- "Lazy Susan" design allows 360° rotating of platform for easy loading and unloading.
- Platform locks in place for added safety.
- Accommodates up to four 2-liter separatory funnels.
- Glas-Col's automatic venting separatory funnels available for added safety

Specification 规格			
Catalog Number 230 volt	Description	RPM	Weight (lbs)
099A VS21024	Shaker Base with four 1-liter separatory funnel holders	10-170	165
099A VS22024	Shaker Base with four 2-liter separatory funnel holders	10-170	165
